"Big Red Love"

People wait a lifetime lookin' for a love that's true
And all the lives that I have lived have lead me here to
you

Now that we're together darling what you gonna do
Will you take my big red love, my big red love

I don't have any money - all my clothes are second
hand

If you give yourself to me now you'll make me a
wealthy man

What's it gonna be now won't you show me where I
stand

And take my big red love, my big red love

There'll be pretty people comin' at us every day
And all they'll want to do is try and tear our love away
But don't let it get you down, we'll just leave them
where they lay

If you take my big red love, my big red love
Take my big red love, my big red love
Take my big red love, my big red love

Take my big red love, my big red love
