Miles for days and days for miles  
No one knows of all my trials  
The colors fade and bleed together  
The darkest night I've ever seen

A fallin' star comes to view  
Oh no, hear comes the blue

Desperate days and desperate measures  
Will I ever find what I desperately need  
The shadows hold the ghosts of my life  
And they've made me cold from the inside out

A fallin' star comes to view  
Oh no, hear comes the blue

A fallin' star comes to view  
Oh no, hear comes the blue  
A fallin' star comes to view  
Oh no, hear comes the blue
