When my ship gonna come and will I hold till it does?
What should I believe as darkness falls on me?

Can you hear me? Is someone there Â–
Am I losing my mind, am I losing my mind?
Am I all alone, won't you rescue me?
Talking to myself, staring at the sea

What will morning bring?
Will I hear that old sea bird sing?
Will her colors fill my eyes?
As she sails through clear blue sky

Can you hear me? Is someone there Â–
Am I losing my mind, am I losing my mind?
Am I all alone, won't you rescue me?
Shapes in the darkness, staring at the sea
