Too good for me
Conversations weren't enough
Shallow smile, painted words
My selfish motives
Passed by flawed defences
Trial by fire

Someday, I will be free
And I know, this pain won't last forever
For it all will be a memory

Used to think I was deep
While staring into my shallow ends
The ends that justified my means
I know, I'm just like the others
Falling when near the water

Someday, I will be free
And I know this pain won't last forever
For it all will be a memory
Here I come...
To Your feet...
And as I am, My God save me...
I will be free...

In turn seasons change
Another love is lost
And with the leaving of the weathers wind
Another fragrance gone
When Will it end?

Someday I will be free
And I know, that this pain won't last forever
For it all will be a memory
But alas... I love The Loss
