Opening the door to dine with Him
Traveling to earth to let us in
Laying down His glory, crown of old
Setting up the wedding feast foretold

Oh, we can't contain our love
We turn it up loud

We love You, Jesus
For so many reasons
For death and life and freedom
Even now, we love you

What manner of love is this that You would say
Your sin is Mine?
I'll take it to the grave
(Then rising)

Death, oh, death where is your sting today?
Death is swallowed up in victory

We love You, Jesus
For so many reasons
For death and life and freedom
Even now, we love you

We love You, Jesus
In and out of seasons
In valleys and on top of mountains
Even now, can we sing

We love You, Jesus
Jesus
