You got my attention at hello  
We had this connection that wouldn't let go  
There was somethin' sexy 'bout your voice  
Anything you say makes a beautiful noise.

And now we'll break up to make up right away  
Just an excuse to lay in bed all day  
I know that this thing we have won't ever change  
And that's why I have the confidence to say

A lot of girls are sexy, but you know how to use it  
You can keep me up on the phone all night  
We say let's hang up on three, but we don't ever do it  
Ain't it crazy how after all this time  
We got that u hang up, no u hang up, kind of love  
We got that u hang up, no u hang up, kind of love.

Everytime you call me, I won't lie  
I still get the goose bumps I felt the first time  
Then I saw you walk in to a room  
Girl you had me hooked on that beautiful view

And now we'll break up to make out right away  
Just an excuse to lay in bed all day  
I know that this thing we have won't ever change  
And that's why I have the confidence to say

A lot of girls are sexy, but you know how to use it  
You can keep me up on the phone all night  
We say let's hang up on three, but we don't ever do it  
Ain't it crazy how after all this time

We got that u hang up, no u hang up, kind of love  
We got that u hang up, no u hang up, kind of love.

And baby you still know just how to blow my mind  
And after everything that we've been through, it still  
feels right  
And now I know that I can't  
Picture living my life, without you

A lot of girls are sexy, but you know how to use it

You can keep me up on the phone all night  
We say let's hang up on three, but we don't ever do it  
Ain't it crazy how after all this time

We got that u hang up, no u hang up, kind of love,  
We got that u hang up, no u hang up, kind of love.
