First time I saw you girl  
You brought me to my knees  
Though it's been a while now  
You still look the same to me  
Don't tell me  
I don't feel the way I used to  
Maybe I don't act  
The way I should  
But how was I supposed to know  
Your eyes were angel blue  
When you're the only one  
I ever knew?

Hope I haven't lost you,  
Let your lovin' slip away  
All that's left for me to do  
Is lay awake and pray  
That maybe you'll forget  
About the things I've done  
And come to know  
That you're the only one?  
How was I supposed to know  
You had an angel's smile  
When you're the only angel  
In my life?

Chorus:  
I guess it's hard sometimes  
For me to understand  
And maybe I don't always do  
The best I can  
But after all you know  
That Babe I'm just a man  
And I don't know how  
To let it show

Let me ask you one more time  
To please just take me in  
I promise that you'll never have  
To doubt again  
I'll let you know  
That I love you more each day

Never fail to find  
The words to say  
How was I supposed to know  
An angel has no wings  
When you're the only one  
I've ever seen?

Repeat Chorus

I guess sometimes it's hard  
To tell an angel's  
Passed your way  
I didn't know  
You were an angel  
Didn't know I had an angel  
'Til I watched my angel -  
Fly away
