I wish the birds would sing,
But they don't
I wish the phone would ring,
But it won't
I know you'll be mine forever someday
But when I'm here alone,
It seems so far away
So tell me what am I supposed to do?
Waiting for forever with you

Chorus: Waiting for forever
And the day my dreams come true
Waiting for the time
When I can spend my nights with you
Sometimes the world
Don't turn the way we want it to
So I'll just do the best I can do
Waiting for forever with you

Now don't get me wrong,
I'm happy most the time
'Cause when I hold you,
I know you're already mine
But I can't be sure
Until you say I do
So I guess there'll just be
Days where I am blue
'Til I'm sure
That you feel this way, too
Waiting for forever with you

Chorus2: Waiting for forever
And the day my dreams come true
Waiting for the time
When I can spend my life with you
Sometimes the world
Don't turn the way we want it to
So I'll just do the best I can do
Waiting for forever with you
'Til I'm sure
That you feel this way, too
I'm Waiting for forever

Waiting for forever
Waiting for forever
With you
Yeah
