(Speaking):

I met him at the place where we always meet
He put his arms around me
He smiled

And when I told him
I didn't love him any more
He cried (He cried)

And when I told him
His kisses were not like before
He cried (He cried)

I knew that our romance was over and done
But for him it had begun

And when I told him
Another boy had caught my eye
He cried (He cried)
And when I kissed him
A kiss that only meant goodbye
He cried (He cried X3)

(Strings)
(He cried X3)

When I told him (He cried)
When I kissed him goodbye (He cried)
Baby
Oh no what have I done (He cried)
