You got what it takes you can win,
Today is your day to begin.
Don't give up here, don't you quit.
The moment is now, this is it

I know that you can and you will
Get to the top of the hill
Part of the fun is the climb
You just got to make up your mind

That today is your day
And nothing can stand in your way
Today is your day
Everything's going your way
Today
Today
Today
Today

When somebody throws sticks and stones
All they can break are your bones
And life's going to kick you around
Then kick you again when you're down

But today is your day
And nothing can stand in your way
But today is your day
Everything's going your way
Today
Today
Today
Today

Brush yourself off no regrets
This is as good as it gets
Don't expect more or less
Just go out and give it your best

today is your day
And nothing can stand in your way
But today is your day

Everything's going your way

Today
