Been workin' all day long, tryin' to get your hustle on
Society has put the pressure on you
To make it hard to for you to do what you do
Gotta let you know that your not alone

And baby, that's why I wrote this song
I wrote this song to show you my appreciation for you
So let me know if you're cool with that, baby

Lay back a while, take off your shoes
Relax yourself, I'm gonna take care of you
I'm gonna show you thangs you neva seen before
Make you feel like a man when you walk through that
door

I'm gonna cook your dinner, wash your clothes
And change your linen, I'm not finished yet
It's only the beginnin', I'm gonna light the candles
Run your bath, I'm here to take care of you

Now it's time to set the mood, to do the things that
couples do
Turn down the lights, I know ,you don't have a clue
Victoria's gotta a secret for ya, gonna let you know
Neva gonna let you go

And baby, that's why I wrote this song
I wrote this song to show you my appreciation for you
So let me know if you're cool with that, baby

Lay back a while, take off your shoes
Relax yourself, I'm gonna take care of you
I'm gonna show you thangs, you neva seen before
Make you feel like a man when you walk through that
door

I'm gonna cook your dinner, wash your clothes
And change your linen, I'm not finished yet
It's only the beginnin', I'm gonna light the candles
Run your bath, I'm here to take care of you

Boy, you just don't know and it's hard to explain

I love it when you hold me and you're callin' out my
name
Boy, I can't control it, it's hard for me to hold it
When you look into my eyes and I began to fantasies

Boy, you just don't know and it's hard to explain
I love it when you hold me and you're callin' out my
name
Boy, I can't control it, it's hard for me to hold it
That's why I'm gonna take good care of you

Lay back a while, take off your shoes
Relax yourself, I'm gonna take care of you
I'm gonna show you thangs, you neva seen before
Make you feel like a man when you walk through that
door

I'm gonna cook your dinner, wash your clothes
And change your linen, I'm not finished yet
It's only the beginnin', I'm gonna light the candles
Run your bath, I'm here to take care of you

Lay back a while, take off your shoes
Relax yourself, I'm gonna take care of you
I'm gonna show you thangs, you neva seen before
Make you feel like a man when you walk through that
door

I'm gonna cook your dinner, wash your clothes
And change your linen, I'm not finished yet
It's only the beginnin', I'm gonna light the candles
Run your bath, I'm here to take care of you
