She's a little complicated  
She'll make her mind up just to change it  
The kind of girl that keeps you waiting, waiting around  
She likes to get her toes done bright red  
She's always reapplyin' her lipstick  
The muddy riverbank she's the first in, and the last out  
She's got something I can't figure out  
That everybody's talkin' 'bout

She got the blue jeans painted on tight  
That everybody wants on a Saturday night  
She got the mood ring, she's never the same  
She's sun one minute then she's pouring down rain  
And she'll do whatever she wants  
And when she moves every jaw's gonna drop  
And I do but I don't want her to stop  
I want, I want, I want  
Whatever she's got  
I want whatever she's got

Tell your mind before you thought it  
What you thought your plan was park it  
To figure out where your heart is so twisted up  
Have you spendin' every weekend  
And every penny you've been keepin'  
Just to figure out what she's thinkin' when you're  
thinkin' it's love

Cause she got the blue jeans painted on tight  
That everybody wants on a Saturday night  
She got the mood ring, she's never the same  
She's sun one minute then she's pouring down rain  
And she'll do whatever she wants  
And when she moves every jaw's gonna drop  
And I do but I don't want her to stop  
I want, I want, I want  
Whatever she's got  
Yeah, I want whatever she's got

She's got me hangin' on the ledge  
On the edge of a kiss

All I ever wanna do is this

She got the blue jeans painted on tight  
That everybody wants on a Saturday night  
She got the mood ring, she's never the same  
I want, I want, I want, I want, I want

She got the blue jeans painted on tight  
That everybody wants on a Saturday night  
She got the mood ring, she's never the same  
She's sun one minute then she's pouring down rain  
And she'll do whatever she wants  
And when she moves every jaw's gonna drop  
And I do but I don't want her to stop  
I want, I want, I want  
Whatever she's got  
I want whatever she's got

She's a little bit complicated  
That's alright  
Doesn't matter I'll keep on waiting  
For whatever she's got  
For whatever she's got
