# "How Could You Call Her Baby"

Visit "[How Could You Call Her Baby](#)" on MotoLyrics.com

Baby, baby, don't try to play me  
You know somethin's wrong  
That's why I'm not talkin to you  
Baby, baby don't even fake it  
You have broke my heart  
And there's nothin you can do  
I tried to call you, just the other day  
And your own sister told me  
Someone was takin my place, oh  
You wouldn't came to the phone  
She forgot to put me on hold  
And I can't believe what I heard  
What I heard in your very own words

(Chorus)

How could you call her baby  
How could she be your lady  
Thought you were mine  
Thought I was yours  
How could you call her sweetheart  
How come you're brakin my heart  
How could you be so wrong

Baby, baby, hear what I'm sayin  
I am not your fool  
You should see me now as gone  
Baby, baby you must think I'm crazy  
I will not come back  
I fell I have been too wronged  
Don't try to call me, m cause I don't have the time  
I'll be much, much too busy  
Hanging out with friends of mine, oh  
If we meet in the street  
You should not even to bother to speak  
Cause I still hear the words in my head  
Those are some words I will never forget

(Chorus)

Boy you owe me an apology  
Just don't look for forgiveness from me  
And I tried my best to understand

But I've done for you all I can  
If I ever see you in the street  
Just forget that you ever knew me  
Cause I still hear the words in my head  
Those are some words I will never forget

(Chorus)
