"I'm a Broken Vessel, In Need of You"

David Oldfield, Potter's House Church of God

Lord, I've come to You  
With everything I am  
Take me in Your hands  
And mold me into Your plan

I am willing and waiting  
To give You what You want from me  
So Lord, lead me and guide me to the place I need to  
be  
I'm a broken vessel in need of You

Purify my heart  
Make me white as the snow  
I'm not worthy of Your grace  
Through Your love I'll see Your face

I am willing and waiting  
To give You what You want from me  
So Lord, lead me and guide me to the place I need to  
be  
I'm a broken vessel in need of You

Take my hand in Yours, oh Lord  
And You wash me with Your blood, yeah  
And You be glorified in me, oh  
And You open my eyes to see

I am willing and waiting  
To give You what You want from me  
So Lord, lead me and guide me to the place I need to  
be  
I'm a broken vessel in need of You  
(In need of You)

I'm a broken vessel,  
In need of You.
