Looking back, I know  
I was walking around in disguise  
In disguise, I was just a lost soul  
I needed a guide

And the moment that you came  
To change my life  
You fired up my heart  
And made me smile

And you and I know that

I'm a different person  
Turn my world around  
I'm a different person  
Turn my world around  
I'm a different person  
Turn my world around

Fears I had  
All fading away by the minute  
And I feel alive  
You untwisted all of my troubles inside

Like a little piece of Heaven  
Finally found  
You rebuilt my heart  
Up from the ground

And you and I know that

I'm a different person  
Turn my world around  
I'm a different person  
Turn my world around

I'm a different person  
Turn my world around  
I'm a different person  
Turn my world around

I'm

I'm

You fired up my heart  
And made me smile  
And you and I know that

You turn my world around  
I'm a different person  
Turn my world around

I'm a different person  
Turn my world around  
I'm a different person  
Turn my world around
