If I happen to say it again  
If I happen to stay til the end  
Will it give us all away?  
Will it give us all away?

I've been wracking and beating my brain  
But it always ends up the same  
What is it you want to know?  
What is it you want to hear?

I gave my life for this city  
I gave my life for this city

As you laid asleep  
All your friends have come and gone  
You can depend on me  
Like all things around the sun

Do you hope I  
Just to be sure I don't belong  
I don't know just what you want  
I don't know what just you need

After fighting and giving my all  
Watching for the bridges to fall  
Waiting for the bars to bend  
Waiting for them to give in

I can't relax in this city  
I can't relax in this city

As I laid asleep  
All my friends have come and gone  
You still carry me  
Like all things around the sun

No time for sympathies  
For the endings left undone  
You can depend on me  
Like all things around the sun

As you laid asleep

All your friends have come and gone  
You can depend on me  
Like all things around the sun

No time for sympathies  
For the endings left undone  
You can depend on me  
Like all things around the sun (x6)
