You can call it what you want
You can call it losing touch
But I'm not there

When push comes to shove
All we ever do is give up
But I've done my best

Try as I may
It just won't go away
And I'm laughing out loud

It's funny how we act
Behind each others' backs
And I'm not there
I'm not there

You can't talk to me when you're going under
I can't hold you up if you're with another
I cannot believe my eyes

Everything is closed
There is no where left to go
And I'm scared stiff

When push comes to shove
All we ever want is love
And I won't
I won't be there

You can't talk to me when you're going under
I can't hold you up if you're with another
I will not believe your lies

You can't talk to me when you're going under
I can't hold you up if you're with another
It's then that I realize

I'm gonna find a way
I'm gonna find a way
I'm gonna find a way to love again

I'm gonna find a way
I'm gonna find a way
I'm gonna find a way to love again

I'm gonna find a way
I'm gonna find a way
I'm gonna find a way to love again
