There was a time you had me going on
You had me going on
Right now you've got me going on

Every word you said they had me holding on
They had me holding on
Right now I'm still holding on

But I've been trying to prove to you
That if the chance was there
I would too
I would too

Oh girl, now tell me what it's worth
Oh girl, now tell me what it's worth

I cannot look you in the eye
I cannot look you in the eye

I've been trying
But you've been lying

L.E.A.V.I.N.G
I've got to be good
I've got to be good

I remember the place, you were there
Arms crossed, and you said without a care
"I've got nobody to hold"
I've got nobody to hold"

Oh girl, now tell me what it's worth
Oh girl, now tell me what it's worth

I cannot look you in the eye
I cannot look you in the eye

I've been trying
But you've been lying

L.E.A.V.I.N.G
I've got to be good

I've got to be good

I've been trying
But you've been lying

L.E.A.V.I.N.G
I've got to be good
I've got to be good

I've been good too
I've been good too

I've been trying
But you've been lying

L.E.A.V.I.N.G
I've got to be good
I've got to be good

I've been trying
And you've been lying

L.E.A.V.I.N.G
I've got to be good
I've got to be good
