This  
This is a prelude  
This is a prelude for you  
And all the things you've ever been through

This  
This is a sad song  
This is a sad song for those  
Who always have something to prove

And I don't want to lose

This  
This is a war song  
This is a war song for those  
Who are fighting everyone that they know

This  
This is a love song  
This is a love song for those  
Who had it, but now it's gone

And I don't want to lose

You break  
You break my fall  
You break  
You break my fall  
You break  
You break my fall  
You break  
You break my fall
