Whateva x2

Verse 1

Spoke to word and their was light
Creating everything in sight
How the moon and the stars in sky
Somebody bigger than you and I
From the dust created man
And from his secreted women
Gave him dominion over everything
Didn't want from anything

Chorus

Change your situation
Give you a firm foundation
He's got no limitation. (Oh oh oh oh)
Change your sadness to joy
Fill your heart with so much more
Yes I know for sure

Verse 2

Gave sight to the blind
Then he spoke peace to the trouble mind
He will lately begin to walk
And touch the dove and they will talk
Spoke through the wind and and waves
And they mold it away
Went to hell and took the key
And he got up with victory

Back to chorus

He can he can he can he's able to do what no can do
He's god by himself he'll always come through
What ever you need
Your heart desire
Give it to him
And he'll take you higher

He's a god that never changes
He's a god that won't fail you
He's able to do it

Able to fix just believe

Whatever whatever whatever whatever x4

Whatever whatever whatever whatever
There's nothing impossible
Nothing infallible
Peace love joy hope
Whatever whatever hey

Chorus

Whatever whatever whatever whatever x2

If you need a miracle he can do it
Just call on his name and he'll never fail

He's able x3
To do it

Whatever whatever whatever whatever
