25 years ago, I was just a big tick machine  
As I lay upstairs in my room  
25 years ago I was just a bit tick and keen  
As I lay upstairs in my mouth

I'm special, excellent  
You're special, excellent  
Good in bed, excellent  
I'm your man, excellent

25 years ago I was just a bid lonely kid  
You never took a look on me  
25 years ago I was just a big tick machine  
And I just kept on thinking that:  
Upstairs

25 years ago I was just a big tick machine
