We're open 6 hours a week... Promise
Pain, it's not what I wished for... Sorry
Man, it's just an act to bleed... Hell no
Fame, that's not what I wished for...
Motels

Hey you two could save my week... Defense
Stay indoors and lock you in... It's so rude
Men absolutely believe... In you
Then you rent a larger room...
Motels

I'll pick the electronics
You'll do the economic
We'll need a larger room
For everyone to dance
I'll pick the electronics
You'll do the economic
We'll need a larger room
And that's all
