O god you look so gorgeous  
You try to reach a soar-geous  
You had the vicious r-geous  
No one flew like it bird-geous  
I feel the sonic gorgeous  
You had the wicked near  
You had to stitch us  
Or sch?ss the courage

I lost my o-o's  
I lost my o-o's

I feel the twirling girl  
You try to stand on force  
I had the face of others  
They try to beat  
How I do I look?  
How I do I think?  
Wait until you survive your training  
I saw you turn the tv

I lost my o -o's  
I lost my courage  
I had my... I... I...  
I had my... I... I...  
I saved my goodbye  
I saved my goodbye
