Careless hands, reckless heart
Tore me from the grounds
I followed you
Like a river follows the sea

Hollow dreams, precious pride
A blossom by your side
I followed you
You were everything to me

But now you walk right through me
Like I'm an empty ghost
Now, when I need you the most

I was a flower
Now look at what you've done
You've made my colours fade
Too close to the sun
Once I was innocent
Beautiful, life had just begun
I was a flower
Now look what you have done

Crazy nights, wicked ways
I wither in the haze
Followed you, till I followed you too far
I needed you, your face was kind
I trusted you, my faith was blind
Now I don't know who you are

I was a flower
Now look at what you have done
You've made my colours fade
Too close to the sun
Once I was innocent
Beautiful, life had just begun
I was a flower
Now look what you have done

But now you walk right through me
Like I'm an empty ghost

Now, when I need you the most

I was a flower
Now look at what you have done
You made my colours fade
Too close to the sun
Once I was innocent
Beautiful, life had just begun
I was a flower
Now look what you have done

Careless hands, reckless heart
My life had just begun
Now look what you have done
