You are beside me
I'm part of you now
Love of my life this moment
Was made for us somehow
Where did you come from
And how did it start
Was it a star from heaven
That brightened up my heart

That light keeps shinning on me
Since you walked into my life
You're here
And now I can see
Whatever it takes
Take care of me

Man don't make me cry
Don't let it die
'Cause deep inside I really know
That, after you
What would I do
So man, don't ever go
I need you so
This love, this feeling's gonna grow
I love you
I do

That light keeps shinning on me
Since you walked into my life
You're here
And now I can see
Whatever it takes
Take care of me

Man, don't make me cry
Why don't we try
'Cause deep inside I really know
That, after you
What would I do
So man, don't ever go
I need you so

This love, this feeling's gonna grow
I love you
I do
