(A. Faltskog)

The night is ending already  
The end arrived this way  
All the subtlety  
disappeared  
I would want to have you just once more time  
Now nothing, now nothing will be the same  
Never again  
I will meet your eyes  
Never again  
Never again  
Of your nights I will enjoy myself  
Never again  
Tomorrow is waiting  
We will know that it's good-bye  
And don't say anything more  
'Cause everything is behind us  
Our time together we knew how to enjoy it  
It was so much, even it has already passed

Never again  
I will meet your eyes  
Never again  
Never again  
Of your nights I will enjoy myself  
Never again  
Uuuuhhhhh...  
Aaaahhhhh...  
Oooohhhhh...  
Never again  
I will meet your eyes  
Never again  
Oooohhhhh...  
Never again  
Of your nights I will enjoy myself  
Never again  
Never again  
I will meet your eyes  
Never again  
Oooohhhhh...  
Never again  
Of your nights I will enjoy myself

Never again  
Never again...  
Uuuuuuhhh...Uuuuuuhhh...
