Fly to You

If I could soar up through the air  
To other worlds or anywhere  
I have no doubt just what I'd do  
I'd spread my wings and fly to you

If I could climb up to the sky  
To get to you, oh Lord, I'd try  
If I could fly like angels do  
I'd spread my wings and fly to you  
I'd spread my wings and fly to you

When my dying day has dawned  
And when I've sung my final song  
And when my time on earth is through  
I'll spread my wings and fly to you

If I could climb up to the sky  
To get to you, oh Lord, I'd try  
If I could fly like angels do  
I'd spread my wings and fly to you  
I'd spread my wings and fly to you

If I could climb up to the sky  
To get to you, oh Lord, Lord I'd try  
If I could fly like angels do  
I'd spread my wings and fly, fly, fly  
I'd spread my wings and fly  
I'd spread my wings and fly to you
