I pinch myself, sometimes to make sure I'm not in a
dream
that's how it seems.
I close my eyes, and breathe in the sweetest moments
I've ever known
and it feels like home
But who am I, not much of anything. There you are,
turning winter into spring.

Chorus.

Everyone that sees you, always wants to know you.
Everyone that knows you, always has a smile.
You're a standing ovation after years of waiting,
for a chance to shine.
Everyone calls you amazing (yeah), I just call you mine.

I fall apart, and just a word from you somehow, just
seems to fix
whatever's wrong
You reach into the weakest moments and remind me
that I'm strong
You gotta know
I'd be a fool not to see or even worse, to forget
you're more than I deserve.

Chorus.

Everyone that sees you, always wants to know you.
Everyone that knows you, always has a smile.
You're a standing ovation after years of waiting,
for a chance to shine.
Everyone calls you amazing (yes, they do), I just call
you mine.

Bridge.

Nothing makes sense when you're not here.
It's like my whole world disappears.
Without you, what's the point of anything?

Chorus.

And everyone that sees you, always want to know you.
Everyone that know's you, always has a smile.
You're a standing ovation, after years of waiting,
for a chance to shine.
Everyone calls you amazing (yes they do)
Everyone calls you amazing.
I just call you mine.
I just call you mine.
