Here we stand today
Like we always dreamed
Starting out our life together
The light is in your eyes
The love is in our hearts
I can't believe you're really mine forever

Been rehearsing for this moment all my life
So don't act surprised
If the feeling starts to carry me away

On this day
I promise forever
On this day
I surrender my heart
Here I stand take my hand
And I will honor every word that I say
On this day

Not so long ago
This earth was just a field of cold and lonely space
Without you
Now everything's alive
Now everything's revealed
For the story of my life
Is all about YOU

For if you feel the cool winds
Blowing through your nights
I will shelter you
I'm forever here to chase your fears away

On this day
I promise forever
On this day
I surrender my heart
Here I stand take my hand
And I will honor every word that I say
On this day

I've been rehearsing for this moment all my life

So don't act surprised
If the feeling starts to carry me away

On this day
I promise forever
On this day
I surrender my heart
Here we stand like our plan
Please say you'll always look at me this way
