Verse

Things haven't changed since the
First day we met
I still feel brand new
I haven't wanted anyone the way that
I wanted you
You bring the sunlight to my days and
Make the sky brighter blue
Let's lay upon the grass and
Thank the heavens wishes come true

Chorus

Place your hands on mine
On mine... on mine
We have A Love Divine
Divine

Verse II

You truly are the sweetest thing
That I have ever known
You've whispered in my ears
A thousand times
That I feel like home
I feel so blessed to be your love,
Your best friend and your soulmate
Give me a kiss and hug
Our love's a reason to celebrate

Bridge

Every day
I am thankful
Because you chose me
Place your hand on mine, love
'Cause it's a divine
Divine love
