

Sharpe And Numan "Change Your Mind"

Why don't you ever listen
It's you I'm talking to
This time it's your decision
We're into something new
I know that I'm thinking
Oh any fool can see
Time that I was thinking
Of no-one else but me
Change your mind
Nothing ever stays the same
Change your mind
No-one ever plays the game game game
Change your mind
Give them what you can't defend
Change your mind
Think it up and start again 'gain 'gain
Why can't you reconsider
Listen if you can
Take familiar giver
Reject me if you dare
Give me what I'm asking
And save it all for me
Love that's everlasting
Is how it's meant to be
