VERSE I

Party all around the world
Playin' with the boys and girls...
Dancin' where the sun don't shine
To feel your skin— on mine
(... and baby)

VERSE II

Splash into an ocean blue
My passion wraps all over you
Never ever let you go
Your love's worth more than gold
('cause, baby...)

CHORUS

I've been LIVIN' THE GOOD LIFE
Cocktails
On a beach under the moonlight
And you...
You make everything alright
Baby, let's do this forever
(REPEAT)

... and ever... and ever... and ever...

VERSE III

Baby, there's still time to play
Let's get inside and— get away
Dance with me under the sheets
You make my life complete
(And baby...)

VERSE IV

Take me to another world
It feels so hot to— be your girl
Scream it to the mountain top
And baby, don't you stop

('cause, baby...)

REPEAT CHORUS

I feel a waterfall is fallin' on you
I feel a waterfall is fallin' on me
I feel a waterfall is pourin' down everything we see—
it's our fantasy
Ooh... I feel a waterfall is fallin' on you
I feel a waterfall is fallin' on me
I feel a waterfall is pourin' down everything we see—
it's our fantasy
