Verse

I see him there
Watching from the dance floor and
He's lookin' fine
All the girls stare but I promise
He'll be mine
All I really need is just
A little more time

Verse II

But he will come
Any second just before the
Night is done
'Cause he can tell the way I'm dancin'
We'll have fun
From the time we meet until we
See the sun

Pre-Chorus

I want him to know
That this ain't a show
No, I will teach him a lesson

Chorus

One and One
Together it all adds up to you and me
Don't sit and watch like I'm a fantasy
I'm really here

So come and dance with me
One and One

Together it all adds up to you and me
I can't stand watching you just
Watching me

Don't you think it's time you come and
Dance with me

Verse III

I see him walk
Over to me 'cause he finally wants to talk
He asks me if I'll dance with him 'til
2 O'clock

I hold his hand and I can hear
My heart unlock

Verse IV

I guess he saw
Everytime I smiled and tried to

Look over
That I was hinting we should
Get together
I'm so glad he realized what I tried
To do
Pre-Chorus II
But more than that
I'm just so glad
I could teach him the lesson
