Listen to the cry of the children of Africa  
The children of Somalia, children of Rwanda  
Burundi, Liberia, Sierra Leone and the Congo  
Oh your Majesty, have mercy upon them

(CHORUS)

Eagerness, eager-eager  
Eagerness, eager-eager  
Eagerness, eager-eager  
Eagerness, eager-eager... (2x)

A voice is crying in the wilderness  
Calling all Zion children to come home, now, now  
It's a long time you've to Babylon  
Mother Zion is eager to see you coming home  
Come and hold the forth, brothers  
Please come let's build up the foundation one more  
time

CHORUS

(BRIDGE)

Come home Zion children, come home Zion children  
Come home Zion children, come home Zion children  
Come home Zion children, come home Zion children  
Come home Zion children, come home Zion children

Babylon is your foe  
You've got to chant her down, now, now, now  
A toad does not run in the day time for nothing, no!  
So come let's fight against this oppression  
I can see Freedom on the rise in Africa  
Yes, we'll be free without any apology  
Cos, Jah created Africa as Paradise on earth  
That's why Mother Zion is eager to see you coming  
home

CHORUS... BRIDGE to coda
