Sacred sins burning on your soul  
Follow the lies of divinity  
Bleeding red in your flesh the story unfolds  
What tale will you tell

Purity dies like the shadows in the light  
Dismember your gods and feast on their flesh  
Holding the heart of your faith in my hands  
See it bleed black like the night

Poison seeps in the words that they preach  
What blasphemy would you believe  
Take your eye for my eye  
Slitting my throat to heal the wound

What would the words of blasphemy be  
Upon your lips to slip your tongue  
Poison or prophecy it's all a deception  
It's all a design for control

Choke on my words like a serpents tongue  
They whisper deception then sing upon high  
Pray to their God that I would call sin  
Sweet poison it bleeds in your veins

What would the words of blasphemy be  
Upon your lips to slip your tongue  
Feel the poison flow as you bite  
The serpents tongue  
As I cross your lips to numb your soul  
Wash away the sins that stain your flesh  
My desire, my love, my sin, my blasphemy  
Are you poison are you prophecy
