The sands of time slip through your fingers  
And never will you see your leaves turning grey  
Never to feel the sun set on your soul  
Never aware of where you are  
Caught in the ebb and the flow  
Of time

Our seconds turn to minutes  
Our minutes flow into the hours  
And hours march forward  
Heedless of my cry's for today  
To tomorrow

Tomorrow immortal

The sun shines  
Bright through my eyes  
Warms the flesh  
And moves my blood that grows cold  
Tomorrow immortal  
Opens her mouth  
And swallows me whole  
Devours my life  
And devours my soul

The clock tolls the hour of reckoning  
Waste not what you are given  
Want not what you waste  
For the judge of today is tomorrow immortal

Held in the arms of my lovers grip  
Pulling me to my end  
The end of all of your days  
Caressing the lines  
And the years into our skin  
Wrap me in your velvet embrace  
Entombed in this place

In void of purpose  
There can be no existence  
There can be no future  
Without your past

Hold me tight in your hands  
To keep me safe from the years  
That wears me down  
And turn us all into dust

The sun shines  
Bright through my eyes  
Warms the flesh  
And moves my blood that grows cold  
Tomorrow immortal  
Opens her mouth  
And swallows me whole  
Devours my life  
And devours my soul
