### verse 1

when you grow up your heart dies  
i wish that was mine  
but its ally sheedys line  
if ally sheedy ever wants to talk  
ill walk from Liverpool to new york  
ill walk back i promise you  
if molly ringwald turns up two  
maybe im not in denial  
ive heard nostalgia is back in style

### chorus

im having one of those days  
you get when your older  
a word called nostalgia  
just seems to take over  
it leaves me hot  
it leaves me cold  
but it never seems  
to leave me alone

### verse 2

oh nostalgia  
the things you do  
im watching 10 things  
i hate about you  
and if i make it  
to new york  
could Larisa oleynik  
join our talk

### verse 3

i know i should look forward  
and not look back  
but nostalgia has a habit  
of not letting you do that  
having the power to make you see  
that things aint what they use to be  
these days never seem the same  
im at my best down memory lane
