What's the use in choppin' wood  
Or tryin' to be like Robin Hood  
Or doin' other things that you shou-ou-ou-ould  
It may not be a lot of fun  
But try and get your homework done  
For soon you'll grow up and you'll know  
How I told you to clean your room and make your bed  
Don't be such a sleepy head  
Remember all the things that mama sai-ai-ai-aid  
Your gonna fall in love one day  
Find someone and move away  
Then you'll have kids of your own  
And you'll tell them

It's up to you, you can be all that you wanna be (wanna  
be-ee)  
Just see it through, for it will happen like you want it too-  
oo

Now you know, I'm really glad  
I listened to my mum and dad  
But still I took the chances that I ha-a-a-ad  
But someday when I'm old and grey  
Now my dreams have gone away  
And know that I smile, and it's good to remember

It's up to you, you can be all that you wanna be (wanna  
be-ee)  
Just see it throu-ou-ou-ough  
For it will happen like you want it to-oo-oo-oo  
(Want it to, want it to) woh-oh-oh-oh  
It's up to you, you can be all that you wanna be (wanna  
be-ee)  
Just see it throu-ou-ou-ough  
For it will happen like you want it to-oo  
(Want it to, want it to)  
It's up to you, you can be all that you wanna be (wanna  
be-ee)  
Just see it throu-ou-ou-ough [fade]
