Bet you've got a lot of lovers
Bet I'm not the only one
I've heard talk of all the others
And I know where
You're coming from

I know where you're
Coming from and going to
I even know exactly
What you're gonna do

Bet you've got a lot of hearts
Breaking up on you all the time
Well, I got my eyes wide open
And I'm telling you
You won't break mine

And whatever you've
Got in store for me
I got the same for you

(CHORUS)
And this will be our night
This will be our night
And I know that we can do it
Do it til we get it right

(CHORUS)

There's never been a time
When you didn't know
Just what to say

Well, you think you're the kind
Who can jam up my mind
But it ain't that way

And whatever you want
Whatever you do
Don't you forget
That I want it too

(CHORUS)

And this will be our night
This will be our night
And I know that we can do it
Do it if it takes all night

And whatever you want
Whatever you do
Don't you forget
That I want it too

(CHORUS) 2X

This will be our night
This will be our night
And I know that we can do it
Do it if it takes all night

(CHORUS)
