She wants to be a rebel  
She just can't find a cause  
She looks around for love  
In city streets and bars.

I know, she's so alone  
When no one wants to take her home  
Would you let me take you down?  
Let me show you what it's like  
To be in love and never live a lie.

Baby, slow down  
Let me open your eyes  
You've been wasting your time  
By just getting high  
There's a whole world,  
If you look outside  
So come on, let me open your eyes.

She's the kind of girl who fights,  
Just to feel like she's alive  
Baby, you don't need that fist  
Just my hand by your side.
