The first time I see you
My heart beet so fast
And when you talk to me
My nerves can't move

And I know that our love is meant to be!

(Chorus)
My love for you will never die
And my love for you will grow better
Our feelings get better and better
If we were together

When you hold me
I can't speak
When you call me
I will be there for you

And I know that our love is meant to be!

(Repeat Chorus)

If we were together

If we were together...
