Any minute now you'll be walking out your door
with that vibe I've never seen before,
every part of your existence fills with originality and
elegance,
but I can feel you reserving this game of love,
the key to your heart belongs to another,
though I know we can't be I pray for you
caz I know there's no other for me

CHORUS:

I'm going crazy,
head over heels in the love I can't get out of even if I
try,
I'm going crazy,
thought I could get away but I can't deny I'm in love,
I'm going crazy,
head over heels in the love I can't get out of even if I
try,
I'm going crazy,
thought I could get away but I can't deny I'm...

I admire your face and your wings from afar
want to know more about who you are,
wishing time and again that I was your friend
I'd show you I could be your star,
you hurt me everytime I see sorrow in your eyes
caz I know for sure it was from him,
makes me wonder why you stick around
and why your heart gets beat down in the ground

CHORUS

love...thought I got away from you in the nick of time so
I thought,
now I can't get you out of my mind, can't get you out of
my mind...

2X CHORUS
