This world can be  
Full of undying hate  
There's no sympathy  
It's so hard to find someone  
Who truly cares  
Out there  
As I look around  
I see so many problems  
And no rant is found  
Material things cannot  
Make the emptiness fade  
It will stay

We don't have to go far  
To find the happiness we need  
Listen to our hearts  
And they'll say

Chorus:  
Just a little luv  
Will get you through  
Just a little love  
That's all  
Just a little luv  
Is all you need  
To get by

We emphasize  
Too much on personal gain  
Never realize  
The one and only thing  
That makes all our blessings flow  
Is love  
If you want to help  
Find the truth  
Just look deep into yourself  
Cuz it's there

Chorus

We don't have to go far

To find the happiness we need  
Listen to our hearts  
And they'll say

Chorus
