Look at this mouth, look at these eyes  
Look at these ears, look at this hair line  
They match, they match the hairline  
The ears, the mouth, the nose, the eyes the everything  
You know damn well this yo' baby  
You know this yo' baby, ten month old baby  
Dante, you are not the father

Dat baby don't look like me  
Dat baby don't look like me  
Dat baby don't look like me  
Dat baby don't look like me, yeah

Shawtty Putt  
Y'all know who this song for  
This baby don't look nothing like me  
Talk to 'em Shawtty Putt

Let's go, that baby ain't mine, I'm sorry  
You are not the father, bitch, you heard Maury  
I ain't buying no car seat and I ain't finna take care of  
no freak  
Not me, not me, you ain't getting no trust up outta my  
check  
But I will pay for that DNA test

I ain't buying no huggies, don't dress him like me  
That ain't my lil buddy, them ain't my lips and them  
ain't my eyes  
You can keep them big pitchas and the wallet size  
That baby got a big nose, girl, look at mine

You can play blind but girl you needa stop trying  
You can stop crying, girl, you can stop crying  
You done pick the wrong one, baby, this time  
It ain't my problem, Shawty, I cant smell you  
Take him by my momma house girl she'll tell you

Dat baby don't look like me  
Dat baby don't look like me  
Dat baby don't look like me  
Dat baby don't look like me

Dat baby don't look like me

Dat baby don't look like me  
Dat baby don't look like me  
Dat baby don't look like me  
Dat baby don't look like me

She's a stanking slut, she needa keep her knees closed  
That baby look nothing like me, that baby cock eyed  
And I got squinty eyes, we look different from head to  
toe  
You think this baby looks like any of y'all  
Now children, what do you say when you meet a nice  
man  
Are you my daddy?

Naw, naw, naw, that baby look just like the reggae Sean  
Paul  
And between me and you on the low, low  
All the curly hair that baby look like Polo  
I'm trynna tell you, I ain't that baby pappy  
He way to crunk, you betta try Lil' Scrappy

Now I might be high but the more I look at him  
Shawty look like T.I., I can't lie we was doing our thing  
But that's a nappy head, baby, you betta try T-Pain  
Naw, mayne, I can't claim him, I'm light skinned

That baby black like Akon, when I beat we didn't go  
meat to meat  
You betta call Petey Pablo, didn't he say your name on  
freak a leak?  
Shit try Gucci man, bitch, he might be but that baby  
don't look like me

Dat baby don't look like me  
Dat baby don't look like me  
Dat baby don't look like me  
Dat baby don't look like me

Dat baby don't look like me  
Dat baby don't look like me  
Dat baby don't look like me  
Dat baby don't look like me
