Give me time to think  
For I've been so weary all this time  
Can't seem to get you off my mind  
Tell me what is left for this man to do for you  
Do for you, to make you stay

Baby don't leave me  
Don't leave waitin' out here in the cold  
Wish you could see that  
Oh your tricks are startin' to get old  
Wish you could care more  
But maybe that's too much for me to be askin' for  
Just one more chance to be with you

Baby don't pick up the phone  
If you're gonna tell me to pack up and go  
Baby don't leave me, don't leave me, don't leave me  
alone  
What's gonna happen to you  
What's gonna happen to you when I'm gone  
So baby don't pick up, don't pick up  
And I'll hope that you won't be long  
And I'll hope that you won't be long

Well I hope you know that I've been waitin' here all  
along  
Waitin' on you to come around  
I pick you up and you knock me down  
You should know that I'm not that strong a man  
Wonderin' why it has to be this way  
Lie after lie my dreams are fadin'  
They're fadin' away  
Wishin' on some sort of chance  
When I knew that we weren't  
We weren't built, no we weren't built  
We weren't built for romance

Baby don't pick up the phone  
If you're gonna tell me to pack up and go  
Baby don't leave me, don't leave me, don't leave me  
alone  
What's gonna happen to you

What's gonna happen to you when I'm gone  
So baby don't pick up, don't pick up  
And I'll hope that you won't be long

Well this time  
I'll do my best not to be such a fool  
Thought fallin' for you could be so safe  
Who knew it would bring me all of this pain  
Well give me a reason  
For what you've been doin' to me  
I wanna be with you  
So why can't you see?  
Woah, woah, woah~

Baby don't pick up the phone  
If you're gonna tell me to pack up and go  
Baby don't leave me, don't leave me

What's gonna happen to you  
What's gonna happen to you when I'm gone  
So baby don't pick up, don't pick up  
And I'll hope that you won't be long  
I'll hope that you won't be long  
See I'll be hopin' you won't be long
