Baby, oh baby  
I just don't know what else I can say  
'Cause lately, oh lately  
You've been actin' so strange, wonderin' if you're okay  
I know you don't wanna hear it but it's killin' me  
To see you this way, oh day after day after day  
Baby why you feelin' this way

Baby I'm just so sick and tired of always havin' you  
slammin' your doors  
(On me) I'm thinkin' about leavin' or moving away  
But the thought of you just keeps makin' me wanna  
stay  
You're the fire in my soul  
I've lost all control  
The only one I can think clearly about is you  
Only you  
So baby, so baby  
When will you find

When will you find out  
That I am the one you've been waiting for  
When will you find out  
That I am the one you've been waiting for  
When will this finally be  
A love set in stone  
So please  
Don't leave me behind
