Hey girl, how you been feelin'
All those lonely nights, I don't think you're alright
I think you just need someone by your side

You know I'll be, I'll be right there behind
Please count me in
Until that moment where everything's been

Said and my heart is pounding
Waiting for what you will say
This silence is killing me why does it have to be this way

You, you've got me tongue tied
Around the truth, around the truth
I don't know if, don't know if I'll be fine
Want you to tell me you're mine
But yes or no just know that I will always be thinkin' of you

I know I'm not perfect
But at least I'm the one that tries
I give my all for you
Yeah and I'm hoping that you will see it's true and
I'm going a little crazy, thinkin' about you all the time
I just need you right here
Yeah I need you so we can see this through and

I just need you to decide
Should I laugh or should I cry
Just tell me the truth I don't want this just to be a lie

You, you've got me tongue tied
Around the truth, around the truth
I don't know if, don't know if I'll be fine
Want you to tell me you're mine
But yes or no just know that I will always be thinkin' of
Just know that I will always be thinkin' of
Yes or no, just know that I will always be
Thinkin' of you
