It was a night like this  
Under the stars one kiss  
And I totally knew you were the one  
And I had no reservation no

That day is still on my mind  
I play it over and rewind  
But I never get why you never fell  
The same way that I did

[Chorus:]  
I wish you gonna crash in me  
No turning back totally  
Lost in a rush the way that I was  
Totally lost in you

Why couldn't you crash into me  
Why can't tell no past on the things  
Holding you back the way that I have  
Been doing the same for you  
Why couldn't you crash in me

One look is all that I needed to know  
That you are for me and I didn't need  
No more cofirmation ohhhh

So why do you ask so many questions?  
I don't understnad what makes you keep coming back  
If you just let our worlds collide you'll feel so much  
better

I wish you gonna crash in me  
No turning back totally  
Lost in a rush the way that I was  
Totally lost in you

Why couldn't you crash into me  
Why can't tell no past on the things  
Holding you back the way that I have  
Been doing the same for you

Why couldn't you crash in me

Why you so afraid of letting go  
It's like some things gonna go  
Instead it's going down the road

[Chorus]

Why don't you crash into me  
No turning back totally  
Lost in a rush the way that I was  
Totally lost in you

Why couldn't you crash in me  
Why can't tell no past on the things  
Holding you back the way that I have  
Been doing the same for you

Why won't you crash into me  
Why won't you crash into me  
Why won't you crash into me  
Why won't you crash woh oh  
Why won't you crash into me  
No turning back ohhh

Why won't you crash oh  
Why won't you...
