This time I wonder what it feels like  
To find the one in this life  
The one we all dream of  
But dreams just aren't enough  
So I'll be waiting for the real thing.  
I'll know it by the feeling.  
The moment when we're meeting  
Will play out like a scene straight off the silver screen  
So I'll be holdin' my own breath  
Right up to the end  
Until that moment when  
I find the one that I'll spend forever with

'Cause nobody wants to be the last one there.  
'Cause everyone wants to feel like someone cares.  
Someone to love with my life in their hands.  
There's gotta be somebody for me like that.

'Cause nobody wants to do it on their own  
And everyone wants to know they're not alone.  
There's somebody else that feels the same  
somewhere.  
There's gotta be somebody for me out there.

Tonight, out on the street out in the moonlight  
And dammit this feels too right  
It's just like DJ Vu  
Me standin' here with you  
So I'll be holdin' my own breath  
Could this be the end?  
Is it that moment when  
I find the one that I'll spend forever with?

'Cause nobody wants to be the last one there  
'Cause everyone wants to feel like someone cares.  
Someone to love with my life in their hands.  
There's gotta be somebody for me like that.

'Cause nobody wants to do it on their own  
And everyone wants to know they're not alone.  
There's somebody else that feels the same somewhere  
There's gotta be somebody for me out there.

You can't give up!  
Lookin' for that diamond in the rough  
You never know but when it shows up  
Make sure you're holdin' on  
'Cause it could be the one, the one you're waiting on

'Cause nobody wants to be the last one there.  
And everyone wants to feel like someone cares.  
Someone to love with my life in their hands.  
There has gotta be somebody for me  
Ohhhhhh.  
Nobody wants to do it on their own  
And everyone wants to know they're not alone.  
Is there somebody else that feels the same  
somewhere?  
There's gotta be somebody for me out there.

Nobody wants to be the last one there  
'Cause everyone wants to feel like someone cares.  
Is there somebody else that feels the same  
somewhere?  
There has gotta be somebody for me out there.
