This one is for you
This one is for you

Girl when I close my eyes, I realize
I don't know what I'd do without your lovin'
And I can't hold it any longer

Now, I see you and me all the way
And to prove it I will make a promise
That I will never leave you lonely

And if you fall
I will stand by your side
When you got no where to run
Baby, I'm a place to hide

One for my lover, one for my sister
One for my brother
Soon you'll discover, it's true
This one's for you

Because it's time in your life
When you must take a long hard look into the mirror
You see it's so much clearer

And if you fall
I will stand by your side
When you got no where to run
Baby, I'm a place to hide

One for my lover, one for my sister
One for my brother
Soon you'll discover, it's true
This ones for you

I ain't gonna give you up
Gonna give you all my love
Even if it all falls down
Baby, I'm still around
Baby, I'm still around

And if you fall

I will stand by your side
When you got no where to run
Baby, I'm a place to hide

When you got no where to run
I will stand by your side
When you got no where to run
Baby, I'm a place to hide

One for my lover, one for my sister
One for my brother
Soon you'll discover, it's true
This one's for you
